

MANAGER – INTERNATIONAL CLIENT ACCOUNTING

COMPANY OVERVIEW

Have you worked as an accountant internationally or have experience in handling accounting/statutory compliance matters in various countries, especially in Europe? Are you eager to gain knowledge/experience in assisting companies with their international expansion and operations while ensuring that their international entities are in full compliance in areas of accounting, payroll and corporate secretarial? Would you like to work in a fast paced international environment? If so, we would love to have you join our highly respected and ambitious team.

Amesto Global is a partner led boutique firm offering bespoke solutions to companies expanding both domestically and internationally. We are client focused and embrace technology in all aspects of our work practices.

Due to our continuous growth we have a fantastic opportunity to join our team in Limerick, Ireland, as a Manager – International Client Accounting. In this diverse role, you will manage all Finance/Accounting aspects of our clients' international operations in close cooperation with other team members who are handling the international payroll and corporate secretarial matters of these clients. As a Manager-Client International Accounting, you will assume the overall responsibility of the client relationship and be the central point-of-contact for the client as well our in-country (partner) firms.

You will be expected to strive for constant improvement and embrace the firm's technology and seek out areas of automation. You must be a hands-on, roll up your sleeves resource type of professional and should enjoy a fast-paced, start-up environment. You must have the ability to transfer skills to those you supervise and manage.

CORE RESPONSIBILITIES

Manage the overall relationship with clients operating and growing in multiple countries, ensure that we meet all statutory compliance as well clients' requirements and work close together with other team members in areas of payroll corporate secretarial and other services we provide to these clients.

- Commercial/Quality Ownership and Point of Contact for multi-country clients;
- Conducting regular meetings with clients to discuss engagements and potential for cross- and upselling opportunities;
- Centrally maintaining the accounting records of the clients' international entities including preparing regular financial (and consolidated) reports to the clients' headquarters;
- Liaise with advisors such as lawyers, tax advisors and auditors;

- Monitor and work close together with the in-country partner firms to ensure that all entities will meet statutory compliance requirements such as filing VAT returns, Corporate Tax returns etc.;
- Manage and work close together with other team members responsible for multi-country payroll, corporate secretarial and other services rendered to the multi-country client;
- Review team work before transmission for accuracy, be accountable for quality of work;
- Consulting clients in aspects of their growth, specifically consulting around the set-up in new markets as well improvement of financial (reporting) systems pre- and post funding rounds;
- Improvement of processes between clients and in-country (partner) firms with focus on automation;
- Flexibility to work across multiple time zones outside of normal workdays.

KNOWLEDGE, SKILLS AND ABILITIES

Minimum of 4 years PQE preferably in a Multinational environment.

- An appropriate related accounting qualification
- Experience in managing a team;
- Experience in international accounting matters, either worked as an accountant abroad, dealt with international companies or worked in a shared-services/ international environment;
- General understanding of payroll practices, ideally in combination with some basic corporate secretarial practice;
- Experience with accounting systems preferred, such as Xero, Quickbooks, Visma, Xledger, Netsuite etc.
- Understanding of integration and reporting across different platforms.
- Technical ability to work with multiple sources of data, process automation as well interest in latest technology
- Excellent written, verbal and non-verbal communication skills.
- Experience responding to escalations from employees, managers, auditors and government agencies; conduct in-depth troubleshooting/research involving multiple stakeholders, systems, and processes;
- Experience in other European Languages an advantage.
